“Pat It is so hard to believe you are gone, God is so lucky to have chosen you to come home to him. You will so be missed down here on Earth. i met you thirty four years ago when I fell in love with your sister and you were the most kindest and down to Earth person I ever had the pleasure of meeting, so two years later I asked you to be my Best Man when I married your sister Lynda. I will forever cherish this my brother. Yes you were a brother to me and I am so sad you are gone. I laugh at the times that you tortured my kids especially the time you tricked Zach and shaved off one of his eyebrows. Lynda was so mad, Your free spirit and gentle soul will be so forever missed Rest in peace my brother and friend. Brother in-law David Wilcox

“Pat Beyer was the best friend I ever had. We've been friends since 7th grade. Even though he lived far away in Pheonix, and lots of time went by between seeing each other, when we would get back together our friendship would pick up right where it left off. He knew the true meaning of "Friend". He was here visiting a few months ago and seemed happy and healthy as a horse. He was the best man I've ever known. I will miss him.

“ *I remember some good times with Patrick. Once he consented to play tennis with me, even though he had never done it before.*
