“ I am without words to hear about the loss of this wonderful man. We worked together the past 3 years and shared many conversations. My heart goes out to all those who knew and loved him especially his family. Tom was full of laughter and could name just about any hot wheel car ever made as he was an avid collector. Knowing how deeply sadden I feel of his loss I will pray for his family and will never forget the time we spent together.

“ Tommy was my little brother, we were the tail end of 7 siblings. I was the youngest girl and he was the baby. I loved him with all my heart and will miss him dearly. I will miss our talks and the way he could make me laugh. Tommy was the sweetest, nicest person you'd ever want to know. He encouraged me to do things I was passionate about like becoming an "American Picker" and starting my business on eBay. When he moved to another state and we were no longer living in the same house, we could and did talk on the phone for hours. That did not change as we got older, we never found a lack of things to talk about. I take solace in the fact that I believe Tommy is with our big brother Scott and our Mom & Dad. I will never forget you or all the memories we share. Til we meet again, Tommy ❤️

“ Tom or (Unkie Tom) as I called him, became my uncle in April 2008. I remember the road trip to Vegas.. all we did was bond over our fondness of the same classic rock bands, cars we liked that passed us, and we joked back and forth the entire way. One of the things I'm going to miss most about Tom is his sense of humor. He always knew how to lighten up a mood or just give you a good chuckle when you were having a bad day. I spent countless hours at garage sales, antique stores, record shops and anything else you can think of and wouldn't trade that time for the world. He taught me a lot whether he realized it or not and I truly am going to miss him. R.I.P unkie Tom, I <3 you.

“Tom was our beloved son in law but we thought of him as a Son. The 1st time we met him, he won our hearts. A gentle, kind soul. Sweet! [He would probably hate that I used that term but that is what he was--Sweet inside & out.] Right away he said "I was in love with Kerrie 20 years ago. We could have been together all this time". I bet he told us that a few dozen times at least through the years. I can't even describe how much our entire family will miss our computer guru, trivia expert on music, movies, etc. & maybe most of all, his hysterical sense of humor. We will miss you forever Tom--We will love you forever!

“As a kid, he wanted to be Johnny Bench. He was 7 years younger than me, but was at all my baseball practices. He was quite good, better than some of the 13 yr. olds he was practicing with. But "girls and hotrods" caught his attention. We are all really going to miss him, he was our resident expert on all things computer and ebay related. Gone way to young.

“My Beloved Husband, I don't know what I will do without you. It was so sudden and unexpected that I never got a chance to tell you how blessed I was to be your wife. I love you honey and until we are together again know that you will never be far from my thoughts and heart.
